

Draft Outreach Messages: Senior Data & AI Consultant

1. LinkedIn InMail (Short & Punchy)

Subject: Data & AI Advisory opportunity at Northbridge Advisory Partners

Hi [Candidate Name],

I noticed your background in professional services and expertise in Azure AI. The Data & AI Advisory practice at Northbridge Advisory Partners is expanding, and we are looking for a Senior Data & AI Consultant to lead client engagements.

In this role, you will be responsible for designing and deploying Azure-based GenAI solutions and advising C-suite client stakeholders on AI strategy. This is a hybrid position.

If you are open to a new opportunity that focuses on modern cloud and GenAI solutions, I would welcome a brief conversation.

Best regards,

Talent Acquisition Lead Northbridge Advisory Partners

2. Detailed Email (Warm Prospects)

Subject: Leadership opportunity: Senior Data & AI Consultant at Northbridge Advisory Partners

Hi [Candidate Name],

I am reaching out because your experience with Azure AI services and Python, combined with your background in consulting, aligns well with an expanding area of our business.

Northbridge Advisory Partners is growing our Data & AI Advisory practice to meet increasing client demand. We are currently seeking a Senior Data & AI Consultant who can successfully deploy LLMs into production for our enterprise clients.

Core Responsibilities:

- Lead client engagements independently, deploying Azure-based GenAI solutions.
- Act as a trusted advisor and present strategic outcomes to C-suite stakeholders.
- Drive rapid impact, supporting our goal of accelerated delivery.

If this aligns with your next career step, please let me know when you might be available for an introductory call.

Best regards,

Talent Acquisition Lead Northbridge Advisory Partners

3. Social Media Post (Brief)

Northbridge Advisory Partners is Hiring: Senior Data & AI Consultant

Our Data & AI Advisory practice is expanding! We are looking for experienced consultants to design and deploy Azure-based GenAI solutions for our enterprise clients.

If you have 5+ years of consulting experience, deep expertise in Azure AI services and Python, and a proven track record of bringing LLMs into production, we want to hear from you.

Apply directly or send a message to our Talent Acquisition Lead to learn more.
